# DroneScout

Precision Aerial Mapping & Photography Solutions

## DroneScout Services Price List (2025)

### Contact for a Free Quote:

info@dronescout.uk | 07902749658 | Buckinghamshire-Based, Serving South East England  
All prices exclude VAT (20%) | Travel: Free within 25 miles; +£0.50/mile thereafter

### Aerial Mapping & Surveying:

Description: High-resolution aerial data with strong relative accuracy for field planning, crop monitoring, or site progress tracking. Geolocation accuracy ~1-5m; ideal for non-critical geospatial tasks.

- Small (<1 acre/1-hour flight): £300
- Medium (1-10 acres/2-4 hours): £600
- Large (>10 acres/full day): £1,000+
- Add-Ons: +£100 (Rush processing: 24hrs), +£150 (Custom map formats, e.g., GIS)

### 3D Modelling Description:

Detailed 3D terrain/property models with high internal precision. Compatible with Revit/AutoCAD; includes flythrough renders. Geolocation ~1-5m accuracy.

- Small (<1 acre/1-hour flight): £350
- Medium (1-10 acres/2-4 hours): £700
- Large (>10 acres/full day): £1,300+
- Add-Ons: +£150 (Editable source files), +£200 (BIM-compatible outputs)

### Aerial Photography & Video Description:

Stunning photos (50+ edited) or 2-min videos for marketing/listings. Includes drone flyovers and basic editing; no geospatial accuracy required.

- Small (<1 acre/1-hour flight): £200 (Photos), £250 (Video)
- Medium (1-10 acres/2-4 hours): £400 (Photos), £500 (Video)
- Large (>10 acres/full day): £700+ (Photos/Video bundle)
- Add-Ons: +£100 (4K video upgrades), +£75 (Twilight shots)

### Packages Description:

Bundled for efficiency (e.g., surveying + visuals).

- Small: Survey + Photos: £450 (save 10%)
- Medium: Full Site Package (Mapping + 3D + Video): £1,100 (save 15%)
- Large: Custom Large Project: Quote on request
- Add-Ons: N/A

**What's Included:** CAA-accredited pilot, data processing (e.g., orthomosaics, point clouds), secure cloud delivery, 1 revision. Outputs: JPEG/PDF maps, OBJ/PLY 3D files, MP4 videos.

**Accuracy Details:** Mapping and 3D models offer high relative accuracy (1- 3 cm within maps/models) but ~1-5m absolute geolocation accuracy without RTK. Contact us for project-specific needs.

**Exclusions:** CAA flight approvals (+£50 if needed), weather delays (reschedule free).

**Payment Terms:** 50% deposit; balance post-delivery (Net 14 days).

**Why Choose Us?** Local Buckinghamshire expertise, fast turnaround (3-5 days), tailored for farms, estates, construction, and more.
